

# **The Touch of the Master's Hand**

(Compiled by Paul R. Blake from multiple sources)

## Introduction:

A. Matt. 8:1-4

B. The power of His touch

1. Humans possess six senses: sight, hearing, taste, smell, touch, and proprioception. All of them are important to our existence in and interaction with the world around us.
2. The sense of touch places us into direct contact with our world. When we touch something, we become closely involved with it.
3. We all touch thousands of things every day of our lives, often without thinking about it. But, there are times when we reach out and deliberately touch objects because we want to connect with that object.
4. Our touch might be that of love, of passion, of tenderness, of compassion, of help, of deliverance or of curiosity. Often, our touch can effect change in the objects we touch.

C. The touch of Christ is the touch of God.

1. His touch is an intimate touch. When Jesus touched the leper, it demonstrated a desire to become personally involved in his life
2. His touch is a powerful touch.

  - b. Jacob becomes Israel, the Prince of God.
  - c. Abram is transformed into Abraham.
  - d. Moses the murderer becomes Moses the leader of God's people
  - e. A nobody teenager named Jeremiah became the weeping prophet of God and the perennial favorite of the Jews.
  - f. His touch changed James and John, the Sons of Thunder, into and early martyr and the Apostle of love, respectively.
  - g. A powerful, transforming touch indeed!
